(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(13) *The term "3-year ANB" means an average ANB over the most recent 3-year period, calculated by:*

(a) *adding the ANB for the budget unit for the ensuing school fiscal year to the ANB for each of the previous 2 school fiscal years; and*

(b) *dividing the sum calculated under subsection (13)(a) by three."*

**Section 9.** Section 20-9-321, MCA, is amended to read:

**“20-9-321. (Temporary) Allowable cost payment for special education.** (1) As used in this section, “ANB” means the current year ANB.

(2) The 3-year average ANB provided for in 20-9-311~~(12)~~ does not apply to the calculation and distribution of state special education allowable cost payments provided for in this section.

(3) For the purpose of establishing the allowable cost payment for a current year special education program for a school district, the superintendent of public instruction shall determine the total special education payment to a school district, cooperative, or joint board for special education services formed under 20-3-361 prior to July 1, 1992, using the following factors:

- (a) the district ANB student count as established pursuant to 20-9-311 and 20-9-313;
- (b) a per-ANB amount for the special education instructional block grant;
- (c) a per-ANB amount for the special education-related services block grant;

(d) an amount for cooperatives or joint boards meeting the requirements of 20-7-457, to compensate for the additional costs of operations and maintenance, travel, supportive services, recruitment, and administration; and

(e) any other data required by the superintendent of public instruction to administer the provisions of this section.

(4) (a) The total special education allocation must be distributed according to the following formula:

- (i) 52.5% through instructional block grants;
- (ii) 17.5% through related services block grants;
- (iii) 25% to reimbursement of local districts; and
- (iv) 5% to special education cooperatives and joint boards for administration and travel.

(b) Special education allowable cost payments outlined in subsection (4)(a) must be granted to each school district and cooperative with a special education program as follows:

(i) The instructional block grant limit prescribed in subsection (4)(a)(i) must be awarded to each school district, based on the district ANB and the per-ANB special education instructional amount.

(ii) The special education-related services block grant limit prescribed in subsection (4)(a)(ii) must be awarded to each school district that is not a cooperative member, based on the district ANB and the per-ANB special education-related services amount, or to a cooperative or joint board that meets the requirements of 20-7-457. The special education-related services block grant amount for districts that are members of approved cooperatives or a joint board must be awarded to the cooperatives or joint board.

(iii) If a district's allowable costs of special education exceed the total of the special education instructional and special education-related services block grant plus the required district match required by subsection (6), the district is eligible to receive at least a 40% reimbursement of the additional costs. To ensure that the total of reimbursements to all districts does not exceed 25% of the total special education allocation limit established in subsection (4)(a)(iii), reimbursement must be made to districts for amounts that exceed a threshold level calculated annually by the office of public instruction. The threshold level is calculated as a percentage amount above the sum of the district's block grants plus the required district match.

(iv) Of the amount distributed under subsection (4)(a)(iv), three-fifths must be distributed based on the ANB count of the school districts that are members of the special education coop-

erative or joint board and two-fifths must be distributed based on distances, population density, and the number of itinerant personnel under rules adopted by the superintendent of public instruction.

(5) The superintendent of public instruction shall adopt rules necessary to implement this section.

(6) A district shall provide a 25% local contribution for special education, matching every \$3 of state special education instructional and special education-related services block grants with at least one local dollar. A district that is a cooperative member is required to provide the 25% match of the special education-related services grant amount to the special education cooperative.

(7) The superintendent of public instruction shall determine the actual district match based on the trustees' reports. Any unmatched portion reverts to the state and must be subtracted from the district's ensuing year's special education allowable cost payment.

(8) A district that demonstrates severe economic hardship because of exceptional special education costs may apply to the superintendent of public instruction for an advance on the reimbursement for the year in which the actual costs will be incurred. (Terminates June 30, 2007—sec. 25(2), Ch. 462, L. 2005.)

**20-9-321. (Effective July 1, 2007) Allowable cost payment for special education.**

(1) *As used in this section, "ANB" means the current year ANB.*

(2) *The 3-year average ANB provided for in 20-9-311 does not apply to the calculation and distribution of state special education allowable cost payments provided for in this section.*

(3) For the purpose of establishing the allowable cost payment for a current year special education program for a school district, the superintendent of public instruction shall determine the total special education payment to a school district, cooperative, or joint board for special education services formed under 20-3-361 prior to July 1, 1992, using the following factors:

(a) the district ANB student count as established pursuant to 20-9-311 and 20-9-313;

(b) a per-ANB amount for the special education instructional block grant;

(c) a per-ANB amount for the special education-related services block grant;

(d) an amount for cooperatives or joint boards meeting the requirements of 20-7-457, to compensate for the additional costs of operations and maintenance, travel, supportive services, recruitment, and administration; and

(e) any other data required by the superintendent of public instruction to administer the provisions of this section.

(4) (a) The total special education allocation must be distributed according to the following formula:

(i) 52.5% through instructional block grants;

(ii) 17.5% through related services block grants;

(iii) 25% to reimbursement of local districts; and

(iv) 5% to special education cooperatives and joint boards for administration and travel.

(b) Special education allowable cost payments outlined in subsection (4)(a) must be granted to each school district and cooperative with a special education program as follows:

(i) The instructional block grant limit prescribed in subsection (4)(a)(i) must be awarded to each school district, based on the district ANB and the per-ANB special education instructional amount.

(ii) The special education-related services block grant limit prescribed in subsection ~~(2)(a)(ii)~~ *(4)(a)(ii)* must be awarded to each school district that is not a cooperative member, based on the district ANB and the per-ANB special education-related services amount, or to a cooperative or joint board that meets the requirements of 20-7-457. The special education-related services block grant amount for districts that are members of approved cooperatives or a joint board must be awarded to the cooperatives or joint board.

(iii) If a district's allowable costs of special education exceed the total of the special education instructional and special education-related services block grant plus the required district match required by subsection ~~(4)~~ *(6)*, the district is eligible to receive at least a 40% reimbursement of the additional costs. To ensure that the total of reimbursements to all districts does not exceed 25% of the total special education allocation limit established in subsection ~~(2)(a)(iii)~~ *(4)(a)(iii)*, reimbursement must be made to districts for amounts that exceed a threshold level calculated annually by the office of public instruction. The threshold level is calculated as a percentage amount above the sum of the district's block grants plus the required district match.

(iv) Of the amount distributed under subsection ~~(2)(a)(iv)~~ *(4)(a)(iv)*, three-fifths must be distributed based on the ANB count of the school districts that are members of the special education cooperative or joint board and two-fifths must be distributed based on distances, population density, and the number of itinerant personnel under rules adopted by the superintendent of public instruction.

~~(3)(5)~~ The superintendent of public instruction shall adopt rules necessary to implement this section.

~~(4)(6)~~ A district shall provide a 25% local contribution for special education, matching every \$3 of state special education instructional and special education-related services block grants with at least one local dollar. A district that is a cooperative member is required to provide the 25% match of the special education-related services grant amount to the special education cooperative.

~~(5)(7)~~ The superintendent of public instruction shall determine the actual district match based on the trustees' reports. Any unmatched portion reverts to the state and must be subtracted from the district's ensuing year's special education allowable cost payment.

~~(6)(8)~~ A district that demonstrates severe economic hardship because of exceptional special education costs may apply to the superintendent of public instruction for an advance on the reimbursement for the year in which the actual costs will be incurred."

**Section 10.** Section 20-9-344, MCA, is amended to read:

**"20-9-344. Duties of board of public education for distribution of BASE aid.** (1) The board of public education shall administer and distribute the BASE aid and state advances for county equalization in the manner and with the powers and duties provided by law. The board of public education:

(a) shall adopt policies for regulating the distribution of BASE aid and state advances for county equalization in accordance with the provisions of law;

(b) may require reports from the county superintendents, county treasurers, and trustees *as that* it considers necessary; and

(c) shall order the superintendent of public instruction to distribute the BASE aid on the basis of each district's annual entitlement to the aid as established by the superintendent of public instruction. In ordering the distribution of BASE aid, the board of public education may not increase or decrease the BASE aid distribution to any district on account of any difference that may occur during the school fiscal year between budgeted and actual receipts from any other source of school revenue.

(2) The board of public education may order the superintendent of public instruction to withhold distribution of BASE aid from a district when the district fails to:

(a) submit reports or budgets as required by law or rules adopted by the board of public education; or

(b) maintain accredited status.

(3) Prior to any proposed order by the board of public education to withhold distribution of BASE aid or county equalization money, the district is entitled to a contested case hearing before the board of public education, as provided under the Montana Administrative Procedure Act.

(4) If a district or county receives more BASE aid than it is entitled to, the county treasurer shall return the overpayment to the state upon the request of the superintendent of public instruction in the manner prescribed by the superintendent of public instruction.

(5) Except as provided in 20-9-347(2), the BASE aid payment must be distributed according to the following schedule:

(a) from August to October of the school fiscal year, *to each district* 10% of:

(i) ~~the direct state aid to each district;~~

(ii) *the total quality educator payment;*

(iii) *the total at-risk student payment;*

(iv) *the total Indian education for all payment; and*

(v) *the total American Indian achievement gap payment;*

(b) from December to April of the school fiscal year, *to each district* 10% of:

(i) ~~the direct state aid to each district;~~

(ii) *the total quality educator payment;*

(iii) *the total at-risk student payment;*

(iv) *the total Indian education for all payment; and*

(v) *the total American Indian achievement gap payment;*

(c) in November of the school fiscal year, one-half of the guaranteed tax base aid payment to each district or county that has submitted a final budget to the superintendent of public instruction in accordance with the provisions of 20-9-134;

(d) in May of the school fiscal year, the remainder of the guaranteed tax base aid payment to each district or county; and

(e) in June of the school fiscal year, the remaining payment to each district of direct state aid, *the total quality educator payment, the total at-risk student payment, the total Indian education for all payment, and the total American Indian achievement gap payment.*

(6) The distribution provided for in subsection (5) must occur by the last working day of each month."

**Section 11.** Section 20-10-142, MCA, is amended to read:

**"20-10-142. Schedule of maximum reimbursement for individual transportation.**

The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in this section may not be altered by any authority other than the legislature. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian for actual miles transported on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement for each day of attendance is determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product, and multiplying the difference by ~~25~~ 35 cents, provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if the schools are operated by different school districts, the total amount of the reimbursement must be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian must be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop that are located within 3 miles of one another, the total reimbursement must be determined under the provisions of this subsection (1) and must be divided equally between the district operating the school and the district operating the bus;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section is limited to one round trip a day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), a reimbursement may not be less than ~~25~~ 35 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement for each day of attendance is determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 6 miles from the product, and multiplying the difference by ~~25~~ 35 cents, provided that:

(a) if the eligible transportees attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian must be separately reimbursed for transportation to each bus.

(3) When, because of excessive distances, impassable roads, or other special circumstances of isolation, the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, a parent or guardian may request an increase in the reimbursement rate. A request for increased rates because of isolation must be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances that exist to justify the increase. Before an increased rate because of isolation may be paid to the requesting parent or guardian, the rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the committee and the superintendent of public instruction, the trustees shall pay the increased rate because of isolation. The increased rate is 1 1/2 times the rate prescribed in subsection (1).

(4) The state and county transportation reimbursement for an individual transportation contract may not exceed ~~\$9.25~~ \$12.95 for each day of attendance for the first eligible transportee and ~~\$6~~ \$8.40 for each day of attendance for each additional eligible transportee.

(5) When the isolated conditions of the household where an eligible transportee resides require an eligible transportee to live away from the household in order to attend school, the eligible transportee is eligible for the room and board reimbursement. Approval to receive the room and board reimbursement must be obtained in the same manner prescribed in subsection (3). The per diem rate for room and board is ~~\$9.25~~ \$12.95 for one eligible transportee and ~~\$6~~ \$8.40 for each additional eligible transportee of the same household.

(6) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate is the cost of the study, provided that the course of instruction is approved by the trustees and supervised by the district."

**Section 12. Codification instruction.** [Sections 1 through 4] are intended to be codified as an integral part of Title 20, chapter 9, part 3, and the provisions of Title 20, chapter 9, part 3, apply to [sections 1 through 4].

**Section 13. Notification to tribal governments.** The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell band of Chippewa.

**Section 14. Contingent voidness.** If House Bill No. 1 is not passed and approved with an appropriation for BASE aid, then [this act] is void.

**Section 15. Effective date — applicability.** [This act] is effective July 1, 2006, and applies to school budgets for school fiscal years beginning on or after July 1, 2006.

Approved December 19, 2005

**NOTE:** Because of a typesetting error, (1) and (3) of this section were misprinted in the 2005 MCA.

**20-5-323. (Temporary) Tuition and transportation rates.** (1) Except as provided in subsections (2) through (5), whenever a child has approval to attend a school outside of the child's district of residence under the provisions of 20-5-320 or 20-5-321, the rate of tuition charged for a Montana resident student may not exceed 20% of the per-ANB maximum rate established in 20-9-306 for the year of attendance.

(a) the district of attendance and the district, person, or entity responsible for the tuition payments shall approve an agreement with the district of attendance for the tuition cost;

(b) for a Montana resident student, 80% of the maximum per-ANB rate established in 20-9-306, received in the year for which the tuition charges are calculated must be subtracted from the per-student program costs for a Montana resident student; and

(4) When a child attends a public school of another state or province, the amount of daily tuition may not be greater than the average annual cost for each student in the child's district of

For the purposes of this subsection, the following do not apply:

- (a) placement of a child with a disability pursuant to Title 20, chapter 7, part 4;
  - (b) placement made in a state or province with a reciprocal tuition agreement pursuant to 20-5-314;
  - (c) an order issued under Title 40, chapter 4, part 2; or
  - (d) out-of-state placement by a state agency.
- (5) When a child is placed by a state agency in an out-of-state residential facility, the state agency making the placement is responsible for the education costs resulting from the placement.
- (6) The amount, if any, charged for transportation may not exceed the lesser of the average transportation cost for each student in the child's district of residence or 25 cents a mile. The average expenditures for the district transportation fund for the preceding school fiscal year must be calculated by dividing the transportation fund expenditures by the October 1 enrollment for the preceding fiscal year.

**20-5-323. (Effective July 1, 2006) Tuition and transportation rates.** (1) Except as provided in subsections (2) through (5), whenever a child has approval to attend a school outside of the child's district of residence under the provisions of 20-5-320 or 20-5-321, the rate of tuition charged for a Montana resident student may not exceed 20% of the per-ANB maximum rate established in 20-9-306 for the year of attendance.

(2) The tuition for a child with a disability must be determined under rules adopted by the superintendent of public instruction for the calculation of tuition for special education pupils.

(3) The tuition rate for out-of-district placement pursuant to 20-5-321(1)(d) and (1)(e) for a student without disabilities who requires a program with costs that exceed the average district costs must be determined as the actual individual costs of providing that program according to the following:

- (a) the district of attendance and the district, person, or entity responsible for the tuition payments shall approve an agreement with the district of attendance for the tuition cost;
- (b) for a Montana resident student, 80% of the maximum per-ANB rate established in 20-9-306, received in the year for which the tuition charges are calculated, must be subtracted from the per-student program costs for a Montana resident student; and
- (c) the maximum tuition rate paid to a district under this section may not exceed \$2,500 per ANB.

(4) When a child attends a public school of another state or province, the amount of daily tuition may not be greater than the average annual cost for each student in the child's district of residence. This calculation for tuition purposes is determined by totaling all of the expenditures for all of the district budgeted funds for the preceding school fiscal year and dividing that amount by the October 1 enrollment in the preceding school fiscal year. For the purposes of this subsection, the following do not apply:

- (a) placement of a child with a disability pursuant to Title 20, chapter 7, part 4;
  - (b) placement made in a state or province with a reciprocal tuition agreement pursuant to 20-5-314;
  - (c) an order issued under Title 40, chapter 4, part 2; or
  - (d) out-of-state placement by a state agency.
- (5) When a child is placed by a state agency in an out-of-state residential facility, the state agency making the placement is responsible for the education costs resulting from the placement.
- (6) The amount, if any, charged for transportation may not exceed the lesser of the average transportation cost for each student in the child's district of residence or 35 cents a mile. The average expenditures for the district transportation fund for the preceding school fiscal year must be calculated by dividing the transportation fund expenditures by the October 1 enrollment for the preceding fiscal year.

**20-9-311. (Temporary) Calculation of average number belonging (ANB) — three-year averaging.** (1) Average number belonging (ANB) must be computed for each budget unit as follows:

(a) compute an average enrollment by adding a count of regularly enrolled full-time pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on February 1 of the prior school fiscal year, or the next school day if those dates do not fall on a school day, and divide the sum by two; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(4) (a) Except as provided in subsection (5), for the purpose of calculating ANB, enrollment in an education program:

(i) from 181 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-time enrollment;

(ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time enrollment;

(iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-quarter-time enrollment; and

(iv) 720 or more aggregate hours of pupil instruction per school year is counted as full-time enrollment.

(b) Enrollment in a program intended to provide fewer than 180 aggregate hours of pupil instruction per school year may not be included for purposes of ANB.

(c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based on the hours necessary and appropriate to provide the course within a regular classroom schedule.

(d) A pupil in grades 1 through 12 who is concurrently enrolled in more than one public school, program, or district may not be counted as more than one full-time pupil for ANB purposes.

(5) In calculating the ANB for pupils enrolled in a program established under 20-7-117(1), enrollment in a program that provides 360 or more aggregate hours of pupil instruction per school year must be counted as one-half pupil for ANB purposes.

(6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil resumes attendance prior to the day of the enrollment count.

(7) The enrollment of prekindergarten pupils, as provided in 20-7-117, may not be included in the ANB calculations.

(8) The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled, full-time pupils attending the schools of the district, except that the ANB is calculated as a separate budget unit when:

(a) (i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled, full-time pupils of the school must be calculated as a separate budget unit for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and incorporated territory is not involved in the district, the number of regularly enrolled,

full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(iii) the superintendent of public instruction approves an application not to aggregate when conditions exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, or when any other condition exists that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iv) two or more districts consolidate or annex under the provisions of 20-6-422 or 20-6-423, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the consolidation or annexation. Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:

(A) 75% of the basic entitlement for the fourth year;

(B) 50% of the basic entitlement for the fifth year; and

(C) 25% of the basic entitlement for the sixth year.

(c) a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

(d) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE funding program for the district.

(9) The district shall provide the superintendent of public instruction with semiannual reports of school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the superintendent.

(10) (a) Except as provided in subsections (10)(b) and (10)(c), enrollment in a basic education program provided by the district through any combination of onsite or offsite instruction may be included for ANB purposes only if the pupil is offered access to the complete range of educational services for the basic education program required by the accreditation standards adopted by the board of public education.

(b) Access to school programs and services for a student placed by the trustees in a private program for special education may be limited to the programs and services specified in an approved individual education plan supervised by the district.

(c) Access to school programs and services for a student who is incarcerated in a facility, other than a youth detention center, may be limited to the programs and services provided by the district at district expense under an agreement with the incarcerating facility.

(d) This subsection (10) may not be construed to require a school district to offer access to activities governed by an organization having jurisdiction over interscholastic activities, contests, and tournaments to a pupil who is not otherwise eligible under the rules of the organization.

(11) A district may include only, for ANB purposes, an enrolled pupil who is otherwise eligible under this title and who is:

(a) a resident of the district or a nonresident student admitted by trustees under a student attendance agreement and who is attending a school of the district;

(b) For a K-12 district that has been in existence for 3 years or more, the district's maximum general fund budget and BASE budget for the ensuing year must be calculated separately for the elementary and high school programs pursuant to subsection (12)(a) and then combined.

(13) The term "3-year ANB" means an average ANB over the most recent 3-year period, calculated by:

(a) adding the ANB for the budget unit for the ensuing school fiscal year to the ANB for each of the previous 2 school fiscal years; and

(b) dividing the sum calculated under subsection (13)(a) by three.

**20-9-311. (Effective July 1, 2006) Calculation of average number belonging (ANB) — three-year averaging.** (1) Average number belonging (ANB) must be computed for each budget unit as follows:

(a) compute an average enrollment by adding a count of regularly enrolled full-time pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on February 1 of the prior school fiscal year, or the next school day if those dates do not fall on a school day, and divide the sum by two; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(4) (a) Except as provided in subsection (5), for the purpose of calculating ANB, enrollment in an education program:

(i) from 181 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-time enrollment;

(ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time enrollment;

(iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-quarter-time enrollment; and

(iv) 720 or more aggregate hours of pupil instruction per school year is counted as full-time enrollment.

(b) Enrollment in a program intended to provide fewer than 180 aggregate hours of pupil instruction per school year may not be included for purposes of ANB.

(c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based on the hours necessary and appropriate to provide the course within a regular classroom schedule.

(d) A pupil in grades 1 through 12 who is concurrently enrolled in more than one public school, program, or district may not be counted as more than one full-time pupil for ANB purposes.

(5) In calculating the ANB for pupils enrolled in a program established under 20-7-117(1), enrollment in a program that provides 360 or more aggregate hours of pupil instruction per school year must be counted as one-half pupil for ANB purposes.

(6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil resumes attendance prior to the day of the enrollment count.

(7) The enrollment of prekindergarten pupils, as provided in 20-7-117, may not be included in the ANB calculations.

(8) The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled, full-time pupils attending the schools of the district, except that the ANB is calculated as a separate budget unit when:

(a) (i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled, full-time pupils of the school must be calculated as a separate budget unit for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and incorporated territory is not involved in the district, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(iii) the superintendent of public instruction approves an application not to aggregate when conditions exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, or when any other condition exists that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iv) two or more districts consolidate or annex under the provisions of 20-6-422 or 20-6-423, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the consolidation or annexation. Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:

(A) 75% of the basic entitlement for the fourth year;

(B) 50% of the basic entitlement for the fifth year; and

(d) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE funding program for the district.

(9) The district shall provide the superintendent of public instruction with semiannual reports of school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the superintendent.

(10) (a) Except as provided in subsections (10)(b) and (10)(c), enrollment in a basic education program provided by the district through any combination of onsite or offsite instruction may be included for ANB purposes only if the pupil is offered access to the complete range of educational services for the basic education program required by the accreditation standards adopted by the board of public education.

(b) Access to school programs and services for a student placed by the trustees in a private program for special education may be limited to the programs and services specified in an approved individual education plan supervised by the district.

The pupil shall:

(i) meet the residency requirements for that district as provided in 1-1-215;

*Effective Date — Applicability:* Section 15, Ch. 4, Sp. L. December 2005, provided: "[This act] is effective July 1, 2006, and applies to school budgets for school fiscal years beginning on or after July 1, 2006."

**20-9-321. (Temporary) Allowable cost payment for special education.** (1) As used in this section, "ANB" means the current year ANB.

(2) The 3-year average ANB provided for in 20-9-311(12) does not apply to the calculation and distribution of state special education allowable cost payments provided for in this section.

(3) For the purpose of establishing the allowable cost payment for a current year special education program for a school district, the superintendent of public instruction shall determine

the total special education payment to a school district, cooperative, or joint board for special education services formed under 20-3-361 prior to July 1, 1992, using the following factors:

- (a) the district ANB student count as established pursuant to 20-9-311 and 20-9-313;
- (b) a per-ANB amount for the special education instructional block grant;
- (c) a per-ANB amount for the special education-related services block grant;
- (d) an amount for cooperatives or joint boards meeting the requirements of 20-7-457, to compensate for the additional costs of operations and maintenance, travel, supportive services, recruitment, and administration; and
- (e) any other data required by the superintendent of public instruction to administer the provisions of this section.

(4) (a) The total special education allocation must be distributed according to the following formula:

- (i) 52.5% through instructional block grants;
  - (ii) 17.5% through related services block grants;
  - (iii) 25% to reimbursement of local districts; and
  - (iv) 5% to special education cooperatives and joint boards for administration and travel.
- (b) Special education allowable cost payments outlined in subsection (4)(a) must be granted to each school district and cooperative with a special education program as follows:
- (i) The instructional block grant limit prescribed in subsection (4)(a)(i) must be awarded to each school district, based on the district ANB and the per-ANB special education instructional amount.

- (ii) The special education-related services block grant limit prescribed in subsection (4)(a)(ii) must be awarded to each school district that is not a cooperative member, based on the district ANB and the per-ANB special education-related services amount, or to a cooperative or joint board that meets the requirements of 20-7-457. The special education-related services block grant amount for districts that are members of approved cooperatives or a joint board must be awarded to the cooperatives or joint board.

- (iii) If a district's allowable costs of special education exceed the total of the special education instructional and special education-related services block grant plus the required district match required by subsection (6), the district is eligible to receive at least a 40% reimbursement of the additional costs. To ensure that the total of reimbursements to all districts does not exceed 25% of the total special education allocation limit established in subsection (4)(a)(iii), reimbursement must be made to districts for amounts that exceed a threshold level calculated annually by the office of public instruction. The threshold level is calculated as a percentage amount above the sum of the district's block grants plus the required district match.

- (iv) Of the amount distributed under subsection (4)(a)(iv), three-fifths must be distributed based on the ANB count of the school districts that are members of the special education cooperative or joint board and two-fifths must be distributed based on distances, population density, and the number of itinerant personnel under rules adopted by the superintendent of public instruction.

(5) The superintendent of public instruction shall adopt rules necessary to implement this section.

(6) A district shall provide a 25% local contribution for special education, matching every \$3 of state special education instructional and special education-related services block grants with at least one local dollar. A district that is a cooperative member is required to provide the 25% match of the special education-related services grant amount to the special education cooperative.

(7) The superintendent of public instruction shall determine the actual district match based on the trustees' reports. Any unmatched portion reverts to the state and must be subtracted from the district's ensuing year's special education allowable cost payment.

(8) A district that demonstrates severe economic hardship because of exceptional special education costs may apply to the superintendent of public instruction for an advance on the reimbursement for the year in which the actual costs will be incurred.

**20-9-321. (Effective July 1, 2006) Allowable cost payment for special education.** (1) As used in this section, "ANB" means the current year ANB.

(2) The 3-year average ANB provided for in 20-9-311 does not apply to the calculation and distribution of state special education allowable cost payments provided for in this section.

(3) For the purpose of establishing the allowable cost payment for a current year special education program for a school district, the superintendent of public instruction shall determine the total special education payment to a school district, cooperative, or joint board for special education services formed under 20-3-361 prior to July 1, 1992, using the following factors:

- (a) the district ANB student count as established pursuant to 20-9-311 and 20-9-313;
- (b) a per-ANB amount for the special education instructional block grant;
- (c) a per-ANB amount for the special education-related services block grant;
- (d) an amount for cooperatives or joint boards meeting the requirements of 20-7-457, to compensate for the additional costs of operations and maintenance, travel, supportive services, recruitment, and administration; and
- (e) any other data required by the superintendent of public instruction to administer the provisions of this section.

(4) (a) The total special education allocation must be distributed according to the following formula:

- (i) 52.5% through instructional block grants;
  - (ii) 17.5% through related services block grants;
  - (iii) 25% to reimbursement of local districts; and
  - (iv) 5% to special education cooperatives and joint boards for administration and travel.
- (b) Special education allowable cost payments outlined in subsection (4)(a) must be granted to each school district and cooperative with a special education program as follows:
- (i) The instructional block grant limit prescribed in subsection (4)(a)(i) must be awarded to each school district, based on the district ANB and the per-ANB special education instructional amount.

- (ii) The special education-related services block grant limit prescribed in subsection (4)(a)(ii) must be awarded to each school district that is not a cooperative member, based on the district ANB and the per-ANB special education-related services amount, or to a cooperative or joint board that meets the requirements of 20-7-457. The special education-related services block grant amount for districts that are members of approved cooperatives or a joint board must be awarded to the cooperatives or joint board.

- (iii) If a district's allowable costs of special education exceed the total of the special education instructional and special education-related services block grant plus the required district match required by subsection (6), the district is eligible to receive at least a 40% reimbursement of the additional costs. To ensure that the total of reimbursements to all districts does not exceed 25% of the total special education allocation limit established in subsection (4)(a)(iii), reimbursement must be made to districts for amounts that exceed a threshold level calculated annually by the office of public instruction. The threshold level is calculated as a percentage amount above the sum of the district's block grants plus the required district match.

- (iv) Of the amount distributed under subsection (4)(a)(iv), three-fifths must be distributed based on the ANB count of the school districts that are members of the special education cooperative or joint board and two-fifths must be distributed based on distances, population density, and the number of itinerant personnel under rules adopted by the superintendent of public instruction.

(5) The superintendent of public instruction shall adopt rules necessary to implement this section.

(6) A district shall provide a 25% local contribution for special education, matching every \$3 of state special education instructional and special education-related services block grants with at least one local dollar. A district that is a cooperative member is required to provide the 25% match of the special education-related services grant amount to the special education cooperative.

(7) The superintendent of public instruction shall determine the actual district match based on the trustees' reports. Any unmatched portion reverts to the state and must be subtracted from the district's ensuing year's special education allowable cost payment.

(8) A district that demonstrates severe economic hardship because of exceptional special education costs may apply to the superintendent of public instruction for an advance on the reimbursement for the year in which the actual costs will be incurred.

*2005 Special Session Amendment — Code Commissioner Clarification:* (Version effective July 1, 2006) Chapter 4 in (2) substituted "20-9-311" for "20-9-311(2)". Amendment effective July 1, 2006.

(Former July 1, 2007, version) Inserted (1) defining ANB as the current year ANB; inserted (2) providing that the 3-year average ANB does not apply to special education cost payment calculations; and made minor changes in style.

Because the effect of the amendments to the July 1, 2007, version was to make the section identical to the July 1, 2006, version, the code commissioner has not codified the July 1, 2007, version. The amendments also rendered the termination date provided in sec. 25(2), Ch. 462, L. 2005, ineffective.

*Effective Date — Applicability:* Section 15, Ch. 4, Sp. L. December 2005, provided: "[This act] is effective July 1, 2006, and applies to school budgets for school fiscal years beginning on or after July 1, 2006."

**20-10-142. (Temporary) Schedule of maximum reimbursement for individual transportation.** The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in this section may not be altered by any authority other than the legislature. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian for actual miles transported on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement for each day of attendance is determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product, and multiplying the difference by 25 cents, provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if the schools are operated by different school districts, the total amount of the reimbursement must be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian must be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop that are located within 3 miles of one another, the total reimbursement must be determined under the provisions of this subsection (1) and must be divided equally between the district operating the school and the district operating the bus;

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section is limited to one round trip a day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), a reimbursement may not be less than 25 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement for each day of attendance is determined

by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 6 miles from the product, and multiplying the difference by 25 cents, provided that:

(a) if the eligible transportees attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian must be separately reimbursed for transportation to each bus.

(3) When, because of excessive distances, impassable roads, or other special circumstances of isolation, the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, a parent or guardian may request an increase in the reimbursement rate. A request for increased rates because of isolation must be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances that exist to justify the increase. Before an increased rate because of isolation may be paid to the requesting parent or guardian, the rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the committee and the superintendent of public instruction, the trustees shall pay the increased rate because of isolation. The increased rate is  $1\frac{1}{2}$  times the rate prescribed in subsection (1).

(4) The state and county transportation reimbursement for an individual transportation contract may not exceed \$9.25 for each day of attendance for the first eligible transportee and \$6 for each day of attendance for each additional eligible transportee.

(5) When the isolated conditions of the household where an eligible transportee resides require an eligible transportee to live away from the household in order to attend school, the eligible transportee is eligible for the room and board reimbursement. Approval to receive the room and board reimbursement must be obtained in the same manner prescribed in subsection (3). The per diem rate for room and board is \$9.25 for one eligible transportee and \$6 for each additional eligible transportee of the same household.

(6) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate is the cost of the study, provided that the course of instruction is approved by the trustees and supervised by the district.

**20-10-142. (Effective July 1, 2006) Schedule of maximum reimbursement for individual transportation.** The following rates for individual transportation constitute the maximum reimbursement to districts for individual transportation from state and county sources of transportation revenue under the provisions of 20-10-145 and 20-10-146. These rates constitute the limitation of the budgeted amounts for individual transportation for the ensuing school fiscal year. The schedules provided in this section may not be altered by any authority other than the legislature. When the trustees contract with the parent or guardian of any eligible transportee to provide individual transportation for each day of school attendance, they shall reimburse the parent or guardian for actual miles transported on the basis of the following schedule:

(1) When a parent or guardian transports an eligible transportee or transportees from the residence of the parent or guardian to a school or to schools located within 3 miles of one another, the total reimbursement for each day of attendance is determined by multiplying the distance in miles between the residence and the school, or the most distant school if more than one, by 2, subtracting 6 miles from the product, and multiplying the difference by 35 cents, provided that:

(a) if two or more eligible transportees are transported by a parent or guardian to two or more schools located within 3 miles of one another and if the schools are operated by different school districts, the total amount of the reimbursement must be divided equally between the districts;

(b) if two or more eligible transportees are transported by a parent or guardian to two or more schools located more than 3 miles from one another, the parent or guardian must be separately reimbursed for transporting the eligible transportee or transportees to each school;

(c) if a parent transports two or more eligible transportees to a school and a bus stop that are located within 3 miles of one another, the total reimbursement must be determined under the

provisions of this subsection (1) and must be divided equally between the district operating the school and the district operating the bus:

(d) if a parent transporting two or more eligible transportees to a school or bus stop must, because of varying arrival and departure times, make more than one round-trip journey to the bus stop or school, the total reimbursement allowed by this section is limited to one round trip a day for each scheduled arrival or departure time;

(e) notwithstanding subsection (1)(a), (1)(b), (1)(c), or (1)(d), a reimbursement may not be less than 35 cents a day.

(2) When the parent or guardian transports an eligible transportee or transportees from the residence to a bus stop of a bus route approved by the trustees for the transportation of the transportee or transportees, the total reimbursement for each day of attendance is determined by multiplying the distance in miles between the residence and the bus stop by 2, subtracting 6 miles from the product, and multiplying the difference by 35 cents, provided that:

(a) if the eligible transportees attend schools in different districts but ride on one bus, the districts shall divide the total reimbursement equally; and

(b) if the parent or guardian is required to transport the eligible transportees to more than one bus, the parent or guardian must be separately reimbursed for transportation to each bus.

(3) When, because of excessive distances, impassable roads, or other special circumstances of isolation, the rates prescribed in subsection (1) or (2) would be an inadequate reimbursement for the transportation costs or would result in a physical hardship for the eligible transportee, a parent or guardian may request an increase in the reimbursement rate. A request for increased rates because of isolation must be made by the parent or guardian on the contract for individual transportation for the ensuing school fiscal year by indicating the special facts and circumstances that exist to justify the increase. Before an increased rate because of isolation may be paid to the requesting parent or guardian, the rate must be approved by the county transportation committee and the superintendent of public instruction after the trustees have indicated their approval or disapproval. Regardless of the action of the trustees and when approval is given by the committee and the superintendent of public instruction, the trustees shall pay the increased rate because of isolation. The increased rate is  $1\frac{1}{2}$  times the rate prescribed in subsection (1).

(4) The state and county transportation reimbursement for an individual transportation contract may not exceed \$12.95 for each day of attendance for the first eligible transportee and \$8.40 for each day of attendance for each additional eligible transportee.

(5) When the isolated conditions of the household where an eligible transportee resides require an eligible transportee to live away from the household in order to attend school, the eligible transportee is eligible for the room and board reimbursement. Approval to receive the room and board reimbursement must be obtained in the same manner prescribed in subsection (3). The per diem rate for room and board is \$12.95 for one eligible transportee and \$8.40 for each additional eligible transportee of the same household.

(6) When the individual transportation provision is to be satisfied by supervised home study or supervised correspondence study, the reimbursement rate is the cost of the study, provided that the course of instruction is approved by the trustees and supervised by the district.

## RULES OF APPELLATE PROCEDURE (TITLE 25, CH. 21)

### **Rule 17. Acceptance and manner of conducting.**

(a) When accepted. The supreme court is an appellate court but it is empowered by the constitution of Montana to hear and determine such original and remedial writs as may be necessary or proper to the complete exercise of its jurisdiction. The institution of such original proceedings in the supreme court is sometimes justified by circumstances of an emergency nature, as when a cause of action or a right has arisen under conditions making due consideration in the trial courts and due appeal to this court an inadequate remedy, or when supervision of a trial court other than by appeal is deemed necessary or proper.

(b) How commenced and conducted. Proceedings commenced in the supreme court originally to obtain writs of habeas corpus, injunction, review, mandate, quo warranto, supervisory control, and other remedial writs or orders, shall be commenced and conducted in the manner prescribed by the applicable sections of the Montana Code Annotated for the conduct of such or analogous proceedings and by these additional rules. All papers filed shall conform to the requirements of Rule 27 except that neither the application for writ nor any response thereto shall exceed 7000 words if proportionally spaced or 20 pages if prepared in monospaced typeface or if typewritten.

(c) Notice to district judge. An application for a writ or order and all further documents relating to a ruling of a district court must be served upon the district judge against whose ruling it is directed. Such application shall, in its title, contain the name of the district judge and the judicial district from which the ruling was issued.

(d) Applications — where and when filed. An original application may be made to the supreme court at any time. The moving party's application and all supporting documents shall be filed with the clerk of the supreme court.

(e) Applications — what to contain. The application for the issuance of the above writs or orders must set forth, in summary fashion and in addition to the other requisite matters, the particular questions and issues anticipated or expected to be raised in the proceeding and also the fact which renders it necessary and proper that the writ should issue originally from the supreme court; the said matters will be taken into consideration by the court in determining the necessity and propriety of accepting jurisdiction and granting the alternative writ or order to show cause. Each application shall also set forth as exhibits, without repetition of title of court and cause, a copy of each judgment, order, notice, pleading, document proceeding or court minute referred to in the application, or which is necessary to make out a prima facie case or to substantiate the pleading or conclusion or legal effect and shall summarize the authorities for accepting jurisdiction and shall summarize the authorities pertaining to the merits of the particular questions and issues anticipated or expected to be raised. No separate memorandum of law or brief shall be filed with the application. Counsel shall file with the clerk of this court the original court file, unless for some reason the same is not available. In any proceeding regarding the abuse and neglect of a child or for the termination of parental rights under Title 41, Chapter 3, MCA, or in any proceeding under Title 40, Chapter 6 (Uniform Parentage Act); Title 42 (Adoption); Title 52, Chapter 3, part 8 (Montana Elder and Persons With Developmental Disabilities Abuse Prevention Act); Title 53, Chapter 20 (Developmental Disabilities), Chapter 21 (Mentally Ill), and Chapter 24 (Alcoholism and Drug Dependence), only the initials of the child, parent(s) or individual party(ies), as the case may be, may be used.

(f) Procedure. Upon the filing of the application the court may order that a summary response be filed immediately or, at the court's next conference and on the basis of the application filed, the court may dismiss the application without ordering a response or it may order a summary response to the application at that time. If a summary response is ordered, the court shall consider the application and response at the court's next conference following the filing of the response. On application and for good cause shown or on its own motion the court may order a stay of further proceedings in an inferior

No separate memorandum of law or brief shall be filed with the response.

(g) Oral argument. When ordered by this court, an adversary hearing on the application shall be held at the time fixed by the order. The oral argument shall be conducted in the same manner as in the argument of appeals, with the same time limits for presentation, and with the applicant opening and closing the argument.

(h) Briefs. In those cases in which more extensive briefing is ordered, each party shall, unless otherwise ordered, serve and file briefs in full conformance with Rules 20, 23, and 27, and containing a statement of the facts and of the points of law applicable, with the authorities relied upon.

*2005 Amendment:* Inserted (j) concerning requirement for filing issue forms. Amendment effective January 1, 2006.

NOTE: The above amendment was not included in the 2005 MCA.

### **Rule 23. Briefs.**

(a) Brief of the appellant. The brief of the appellant shall contain under appropriate headings and in the order here indicated:

(1) A table of contents, with page references, and a table of cases (alphabetically arranged), statutes and other authorities cited, with references to the pages of the brief where they are cited.

(2) A statement of the issues presented for review.

(3) A statement of the case. The statement shall first indicate briefly the nature of the case and its disposition in the court below, e.g.: "The plaintiff brought this action in the district court to recover damages for the wrongful death of the plaintiff's husband. The jury returned a verdict for the plaintiff. On motion of the defendant the trial judge entered judgment for the defendant n. o. v. on the ground that there was no evidence to support a finding of negligence on the part of the defendant. From this judgment the plaintiff appeals."

There shall follow a statement of the facts relevant to the issues presented for review, with references to the pages of the parts of the record at which material facts appear (see subdivision (e)).

(4) An argument. The argument shall be preceded by a summary. The summary shall contain a succinct, clear, and accurate statement of the arguments made in the body of the brief and not be a mere repetition of the argument headings. The argument shall contain the contentions of the appellant with respect to the issues presented, and the reasons therefor, with citations to the authorities, statutes and pages of the record relied on.

(5) A short conclusion stating the precise relief sought.

(6) The judgment, order, findings of fact, conclusions of law, or decision in question, together with the memorandum opinion, if any, in support thereof. If an appendix is filed pursuant to Rule 25, the foregoing may be included therein.

(7) Notice of Supplemental Authorities. When pertinent and significant authorities come to the attention of a party after the party's brief has been filed, or after oral argument but before decision, a party may promptly advise the clerk of court, by "Notice of Supplemental Authority," with a copy to all counsel, setting forth the citation(s) without argument. The notice shall reference either the page of the brief or the point argued orally to which the citation(s) pertain.

(b) Answer brief of the respondent. The answer brief of the respondent shall conform to the requirements of subdivision (a) (1) to (4), except that a statement of the issues or of the case need not be made unless the respondent is dissatisfied with the statement of the appellant.

(c) Reply brief. The appellant may file a brief in reply to the brief of the respondent, and if the respondent has cross appealed, the respondent may file a brief in reply to the response of the appellant to the issues presented by the cross appeal. The reply brief must be confined to new matter raised in the brief of the respondent. No further briefs may be filed except with leave of court.

(d) References in briefs to parties. Counsel will be expected in their briefs and oral arguments to keep to a minimum references to parties by such formal designations as "appellant" and "respondent." It promotes clarity to use names or descriptive terms such as "the employee," "the injured person," "the taxpayer," etc. In any proceeding regarding the abuse and neglect of a child or for the termination of parental rights under Title 41, Chapter 3, MCA, or in any proceeding under Title 40, Chapter 6 (Uniform Parentage Act); Title 42 (Adoption); Title 52, Chapter 3, part 8 (Montana Elder and Persons With Developmental Disabilities Abuse Prevention Act); Title 53, Chapter 20 (Developmental Disabilities), Chapter 21 (Mentally Ill), and Chapter 24 (Alcoholism and Drug Dependence), only the initials of the child, parent(s) or individual party(ies), as the case may be, may be used.

(e) References in briefs to the record. Whenever a reference is made in the briefs to the record, the reference must be to particular parts of the record, suitably designated, and to specific pages of each part, e. g., Answer, p. 7; Motion for Summary Judgment, p. 3; Transcript, p. 231. Intelligible abbreviations may be used. If reference is made to an exhibit, reference shall be made to the pages of the transcript on which the exhibit was identified, offered, and received or rejected.

(f) Reproduction of statutes, rules, regulations, etc. If determination of the issues presented requires the study of statutes, rules, regulations, etc., or relevant parts thereof, they may be reproduced in the brief or in an addendum at the end, or they may be supplied to the court in pamphlet form. No such reproduction is required, unless ordered by the supreme court. When the error alleged is to the charge of the court, the brief of the parties shall set out with appropriate transcript references the part referred to totidem verbis, whether it be directed to instructions given or instructions refused.

(g) Overlength and supplemental briefs and costs.

(i) Motions to file overlength and supplemental briefs will not be routinely granted except in capital cases. Motions to file such briefs in other cases must be supported by an affidavit demonstrating extraordinary justification.

(ii) For purposes of assessing costs in civil cases under section 25-10-104, Montana Code Annotated, reasonable costs shall be determined as follows: Costs will be allowed for the actual cost per page for up to 9 copies of each brief plus 2 copies for each party to be served, unless the court shall direct a greater number of briefs to be filed. In taxing costs for printing or photographing documents, the clerk shall tax costs at a rate not to exceed .20 cents per page or at actual cost, whichever shall be less. If a cross appeal is filed, the appellant will bear the original costs of the transcript.

(h) Briefs in cases involving cross-appeals. If a cross-appeal is filed, the party who first files a notice of appeal, or in the event that the notices are filed on the same day, the plaintiff in the proceeding below, shall be deemed the appellant for the purposes of this rule and Rules 25 and 26, unless the parties otherwise agree or the court otherwise orders. The brief of the respondent shall conform to the requirements of subdivision (a)(1) - (6) of this rule with respect to the respondent's cross-appeal as well as respond to the brief of the appellant except that a statement of the case need not be made unless the respondent is dissatisfied with the statement of the appellant.

(i) Disc copy of briefs. There shall be included with original briefs filed under this Rule and under Rule 17, one copy of the brief saved to either a 3 <sup>1</sup>/<sub>2</sub> floppy disc or to a CD. This rule shall not apply to hand-written briefs or to those typed on a typewriter. Failure to include the disc or CD with the original brief shall not be grounds for dismissal or for refusal to file the brief.

(j) For cases docketed in the office of the Clerk of the Supreme Court on and after January 2, 2006, an issue form, as set out in Form 3 to the Appendix of Forms, must be completed by counsel or the party, if pro se, and filed with the Clerk of the Supreme Court. Only appellants, cross-appellants, petitioners and cross-petitioners must file this form with their opening briefs or petitions. Persons filing briefs or petitions who fail to include the issue form with their briefs or petitions, will be mailed a copy of the form by the Clerk's office and are required complete and file the form within 5 working days following the date of filing. Failure to file the form may result in sanctions, including dismissal of the appeal or petition.

*2005 Amendments — Composite Section — Coordination — Code Commissioner Correction:* Chapters 421 and 596 inserted (19) imposing additional registration fee on certain vehicles to fund salaries and salary increases for highway patrol officers. Amendment effective January 1, 2006.

Pursuant to sec. 150, Ch. 596, L. 2005, a coordination section, the amendment made by sec. 9, Ch. 421, L. 2005, was rendered void.

Section 76, Ch. 542, substituted current text establishing registration fees for motor vehicles, snowmobiles, watercraft, trailers, semitrailers, and pole trailers for former text that read: "(1) Except as otherwise provided in this section, registration fees must be paid upon registration or, if applicable, reregistration of motor vehicles, trailers, and semitrailers, in accordance with this chapter, as follows:

(h) motorcycles and quadricycles, \$9.75 for a motorcycle or quadricycle with special license plates issued under 61-3-415 and, for a motorcycle or quadricycle under one-time registration, \$9.75 in calendar year 2004 and, in each subsequent year, \$11.25. This fee is a one-time fee, except upon transfer of ownership of a motorcycle or quadricycle.

(i) trailers and semitrailers between 2,500 and 6,000 pounds, \$11.25. For a trailer or semitrailer described in 61-3-530(1), this fee is a one-time fee, except upon transfer of ownership of the trailer or semitrailer.

(2) (a) Except as provided in subsection (2)(b), if a motor vehicle, trailer, or semitrailer is originally registered 6 months after the time of registration as set by law, the registration fee for the remainder of the year is one-half of the regular fee.

(b) For a trailer or semitrailer described in 61-3-530(1), the applicable fees must be paid regardless of when the fees were last paid or if the fees were paid at all.

(3) An additional fee of \$5 for a motorcycle or quadricycle with special license plates issued under 61-3-415 and, for a motorcycle or quadricycle under one-time registration, \$5 in calendar year 2004 and, in each subsequent year, \$16 must be collected for the registration of each motorcycle as a safety fee and must be deposited in the state motorcycle safety account provided for in 20-25-1002.

(4) A fee of \$5 for each set of new number plates must be collected when number plates provided for under 61-3-332(2) are issued.

(5) The provisions of this part with respect to the payment of registration fees do not apply to and are not binding upon motor vehicles, trailers, semitrailers, or tractors owned or controlled by the United States of America or any state, county, city, or special district, as defined in 18-8-202.

(6) (a) Except as provided in 61-3-562 and subsection (6)(b) of this section, a fee of 25 cents a year for each registration of a vehicle must be collected when a vehicle is registered or reregistered. The revenue derived from this fee must be forwarded by the county treasurer for deposit in the state general fund for transfer to the credit of the senior citizens and persons with disabilities transportation services account provided for in 7-14-112.

(b) A person who registers a light vehicle or truck under 8,001 pounds GVW may, at the time of annual registration, certify that the person does not intend to use state parks and fishing access sites and may make a written election not to pay the additional \$4 fee provided for in subsection (11)(a). If a written election is made, the fee may not be collected" Amendment effective January 1, 2006.

Pursuant to sec. 8, Ch. 500, L. 2005, a coordination section, in (7) inserted (c) concerning permanent registration of motor home 11 years old or older.

Section 58, Ch. 596, in (1) near middle substituted "renewal of registration" for "reregistration"; in (2)(d) before "\$17" deleted "\$13.75 in calendar year 2004 and, in each subsequent year"; in (5)(a) at end of first sentence before "\$19.25" deleted "\$9 in calendar year 2004 and, in each subsequent year"; in (6) before "\$22" deleted "\$18.75 in calendar year 2004 and, in each subsequent year"; in (8)(a) at end of first sentence before "\$11.25" deleted "\$9.75 in calendar year 2004 and, in each subsequent year"; in (1)(l) at end of first sentence before "\$9.75" deleted "\$3.50 in calendar year 2004 and, in each subsequent year" (amendment rendered void by Ch. 542 amendment); deleted former (2) that read: "(2) (a) Except as provided in subsection (2)(b), if a motor vehicle, trailer, or semitrailer is originally registered 6 months after the time of registration as set by law, the registration fee for the remainder of the year is one-half of the regular fee.

(b) For a trailer or semitrailer described in 61-3-530(1), the applicable fees must be paid regardless of when the fees were last paid or if the fees were paid at all"; in (2) near middle before "\$16" deleted "\$5 in calendar year 2004 and, in each subsequent year" (amendment rendered void by Ch. 542 amendment); in (12) near beginning after "\$5"

deleted "for each set of new number plates", near middle after "collected when" substituted "a new set of standard license plates or a new single standard license plate" for "number plates", and near end substituted "61-3-332" for "61-3-332(2)"; in (5)(a) and (6)(a) at end of first sentence substituted "when registration is renewed" for "reregistered" (amendment rendered void by Ch. 542 amendment); in (7) in first sentence after "relating to" substituted "new standard license plate fees" for "the payment of registration fees or new number plate fees", near middle substituted "license plates" for "number plates", after "transferred" deleted "to a replacement vehicle", and deleted references to 61-3-317 and 61-3-332 and inserted second sentence concerning payment of fees if vehicle was not previously registered (amendment rendered void by Ch. 542 amendment); in (18)(a) and (18)(b) after "light vehicle" deleted "or truck under 8,001 pounds GVW"; in (18)(b) near middle after "to use" inserted "the vehicle to visit"; and made minor changes in style. Amendment effective January 1, 2006.

Section 149, Ch. 596, L. 2005, a coordination section, provided: "If Senate Bill No. 318 is not passed and approved and Senate Bill No. 285 and [this act] are both passed and approved, then subsection (12) of 61-3-321 contained in [section 148 of this act] is void and internal references must be adjusted and subsection (8) of 61-3-321 contained in [section 148 of this act] must read as follows:

"(8) (a) Except as provided in subsection (15), the one-time registration fee for motorcycles and quadricycles: \$9.75 for a motorcycle or quadricycle with special license plates issued under 61-3-415 and, for a motorcycle or quadricycle under one-time registration, \$9.75 in calendar year 2004 and, in each subsequent year, \$11.25 registered for use on public highways is \$53.25 and the one-time registration fee for motorcycles and quadricycles registered for both off-road use and for use on the public highways is \$114.50. This fee is a one-time fee, except upon transfer of ownership of a motorcycle or quadricycle.

(b) An additional fee of \$16 must be collected for the registration of each motorcycle and quadricycle as a safety fee, which must be deposited in the state motorcycle safety account provided for in 20-25-1002."

Section 148, Ch. 596, L. 2005, a coordination section, provided that if Senate Bill No. 285 (Ch. 542), Senate Bill No. 318 (failed), and [this act] are all passed and approved, then [section 16] of Senate Bill No. 318, a coordination instruction, was void and 61-3-321 was to be amended. The code commissioner has included quadricycles as subject to the \$16 fee to reflect the apparent intent of secs. 148 and 149 of Ch. 596.

The amendment to this section made by sec. 4, Ch. 500, L. 2005, was rendered void by sec. 8, Ch. 500, L. 2005, a coordination section.

The code commissioner has not codified the second sentence in (7) because the sentence was rendered meaningless by the changes made in Ch. 542. The sentence read: "Registration fees must be paid if the vehicle to which plates are transferred was not previously registered."

*Applicability:* Section 2, Ch. 325, L. 2005, amended sec. 50, Ch. 592, L. 2003, to read: "Section 50. Applicability. [This act] applies to;

(1) registration, reregistration, fees, and taxes on vehicles and vessels registered on or after January 1, 2004;

(2) vehicle counts for the purposes of 15-1-122(4), regardless of whether a vehicle was registered or reregistered prior to January 1, 2004."

*Retroactive Applicability:* Section 4, Ch. 325, L. 2005, provided: "(1) [Section 2] [not codified] applies retroactively, within the meaning of 1-2-109, to the registration, reregistration, fees, and taxes on vehicles and vessels registered on or after January 1, 2004.

(2) [Section 2] [not codified] applies retroactively, within the meaning of 1-2-109, to vehicle counts made after January 1, 2004."

**NOTE:** In (2)(b)(i) inserted "15-6-201(1)(a), (1)(c), (1)(d), (1)(e), (1)(f), (1)(g), (1)(i), (1)(j), (1)(l), or (1)(m)" and deleted reference to 15-6-288 that appeared in the 2005 MCA.

**61-10-214. Exemptions.** (1) Motor vehicles operating exclusively for transportation of persons for hire within the limits of incorporated cities or towns and within 15 miles from the limits are exempt from this part.

(2) Motor vehicles brought or driven into Montana by a nonresident, migratory, bona fide agricultural worker temporarily employed in agricultural work in this state when those motor vehicles are used exclusively for transportation of agricultural workers are exempt from this part.

(3) Vehicles lawfully displaying a dealer's or wholesaler's plate as provided in 61-4-102 and 61-4-125 are exempt from this part for a period not to exceed 7 days when moving to or from a dealer's or wholesaler's place of business when unloaded or loaded with dealer's or wholesaler's property only or while being demonstrated in the course of the dealer's or wholesaler's business. Vehicles being demonstrated may not be leased, rented, or operated for compensation by the licensed dealer or wholesaler.

(4) Vehicles exempt from property tax under 15-6-201(1)(a), (1)(c), (1)(d), (1)(e), (1)(f), (1)(g), (1)(i), (1)(j), (1)(l), or (1)(m) or 15-6-228(4) are exempt from this part. The department of transportation may require documentation of tax-exempt status from the department of revenue before granting this exemption.
